- "Number of Students Who Began the Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who canceled during the cancellation period.
- "Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.
- "Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.
- "On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.
- "150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).
- "150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.
- "Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.
- "Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
- "Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.
- "Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
- "Number of Graduates Taking Exam" is the number of graduates who took the first available exam in the reported calendar year.
- "First Available Exam Date" is the date for the first available exam after a student completed a program.
- "Passage Rate" is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.
- "Number Who Passed First Available Exam" is the number of graduates who took and passed the first available licensing exam after completing the program.
- "Salary" is as reported by graduate or graduate's employer.
- "No Salary Information Reported" is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

An institution offering a distance educational program where the instruction is not offered in real time shall transmit the first lesson and any materials to any student within seven days after the institution accepts the student for admission.

The student shall have the right to cancel the agreement and receive a full refund pursuant to California Code of Regulations Section 71750 before the first lesson and materials are received. Cancellation is effective on the date written notice of cancellation is sent. The institution shall make the refund pursuant to section 71750. If the institution sent the first lesson and materials before an effective cancellation notice was received, the institution shall make a refund within 45 days after the student's return of the materials. An institution shall transmit all of the lessons and other materials to the student if the student: A) has fully paid for the educational program; and B) after having received the first lesson and initial materials, requests in writing that all of the material be sent.

If an institution transmits the balance of the material as the student requests, the institution shall remain obligated to provide the other educational services it agreed to provide, such as responses to student inquiries, student and faculty interaction, and evaluation and comment on lessons submitted by the student, but shall not be obligated to pay any refund after all of the lessons and material are transmitted.

Cancellation shall occur when you give written notice of cancellation to the University of Silicon Andhra, to the attention of: Mr. Raju Chamarthi, CAO. If you cancel this Agreement, the school will refund any money that you paid, less any non-refundable charges. Refunds are made within forty-five days after your Notice of Cancellation is received.

REFUND POLICY:

The institutional refund policy for students who have completed 60 percent or less of the course of instruction, and who have not cancelled as explained above, shall be a pro- rata refund.

You are obligated to pay only for educational services received and for unreturned equipment or materials. The refund shall be the amount you paid for instruction multiplied by a fraction, the numerator of which is the number of hours of instruction which you have not received, but for which you have paid, and the denominator of which is the total number of hours of instruction for which you have paid.

Any student who notifies the University of Silicon Andhra of cancellation or program withdrawal in writing has the right to cancel this enrollment agreement and obtain a refund of charges paid through attendance at the first-class session or the seventh day after enrollment, whichever is later; less the non-refundable fees identified above.

All students must provide written notification of withdrawal, cancellation or request for refund.

Students who have completed 60% or less of a course are entitled to a refund based on the refund formula below. After 60% of the course has been completed the course is non-refundable. Refunds must be requested in writing to the University of Silicon Andhra, attention: Mr. Raju Chamarthi, CAO, and the refund will be calculated upon the receipt date or upon withdrawal of the student by the school as referenced above.

Any refund to a student will be refunded minus the non-refundable Registration fee of $75.00, and any other non-refundable fees, within 45 days of notification in writing or constructive withdrawal made by the school.

All course fees are due upon enrollment unless course tuition is paid as part of a payment plan.

Refunds all calculated as follows (and are only for students who have completed less than 60% of the total instruction hours): The institution's refund policy for students who have completed 60% or less of the course of instruction shall be a pro rata refund

calculated by hour of instruction minus the non-refundable Registration fee, or any other non-refundable fees.

FORMULA: (1) deduct the non-refundable application/registration fee or any other non-refundable fee from the total tuition charge; (2) divide this figure by the number of hours in the program; (3) the quotient is the hourly charge for the program; (4) the amount owed by the student for the purposes of calculating a refund is derived by multiplying the total hours attended by the hourly charge for instruction calculated in [3], plus the amount of the application/registration or other non-refundable fee specified in [1]; and (5) the refund shall be any amount in excess of the figure derived from [4] that was paid by the student to the institution.

HYPOTHETICAL EXAMPLE: A student registers for a 36-hour course at a cost of $800. Upon the student notifying the school in writing of a withdrawal after attending 12 hours, a refund is calculated as follows: Total tuition of $800 minus $100 in non-refundable fees equals $700. $700 divided by 36 hours of instruction equals $19.44/hr. The student owes 12 hours completed x $19.44= $233.28 + $100 in non-refundable fees, totaling $333.28. The $800 tuition fee minus $333.28 = a refund of $466.72.

Federal or State Loans:Federal or State Loans:

If a student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid programs funds. If the student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur:

1. The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
2. The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.
